Newest Styles and Modes To Be Shown by Richmond Dealers at Big Opening

The fall season will be officially ushered in tomorrow when the merchants of Richmond unveil their windows to display the latest in autumn styles and mode for three days, September 1, 2, and 3. Even a slight inspection of the exhibitions convinces of the weeks of preparation and careful attention to detail that has enabled local merchants to present an offering that compares favorably if it does not surpass in some respects the best displays of San Francisco and Oakland dealers.

RICHMOND KEEPS STEP

Richmond has steadily gone forward in the type and class of merchandise handled by its merchants. The dealers of the city have kept step with Richmond's progress in other lines, and the fall displays for 1927 are amply demonstrative of the fact.

The windows are to be veiled today in preparation for the ambitious opening tomorrow morning at 11 o'clock.

Among the merchants who are to present the new styles are the

McRAKEN'S ENSEMBLE

McRacken's, of 1011 Macdonald avenue, dealers in exclusive men's furnishings, announces a fuller demonstration of the ensemble idea for the fall season. Followed to its logical conclusion, the ensemble is a perfect matching of every article in men's dress so as to present a harmonious whole. The window display is worked out in futuristic design of dull magenta against a background of black. McRacken reports a decided trend toward browns, greys, and blues this season. All display work is produced in the McRacken studio.

GARFINKLE TO GIVE SHOW
Garfinkle will unveil the windows of his two stores tonight and on Thursday and Friday afternoon from 2 to 3:30 o'clock will present a live model show which is guaranteed to eclipse any before offered. Garfinkle reports that a true atmosphere has been attained in the intricate interior decorating which has transformed the store at 623 Macdonald avenue into a great showroom. The latest models will be shown, emphasizing the fall tendency in women's wear toward transparent velvets, evening dress in beaded effects, and the silhouette, much in evidence with the side flares and the front drape. Coats are in flare front with "fur without end" emphasizing the beauty of the

Woman Sustains Slight Injury In Accident

Mrs. W. E. Wright, 1332 Twenty-fourth street, and her two children, William, age three years and J. D., three months, escaped serious injury in an automobile accident last night at Twenty-fourth street and Emeric avenue.

They were treated at the Abbott Emergency hospital, where it was found that Mrs. Wright had sustained a scalp wound necessitating several stitches and other abrasions about the head. William and the infant sustained minor abrasions.

The Wright machine and a car driven by Mrs. E. J. Stevenson, 414 Fourteenth street, Woodland, collided at the intersection. No one in the latter car was injured.

WISE BUYING OF FEED AND FUEL

Buying right is as important to the business man as selling at a profit. In fact he cannot sell at a profit if he does not buy to advantage.

Buying right is equally important to the family. The time to buy feed, for instance, is when prices are lowest. The time to buy fuel during warm weather, because others usually wait until it is cold before they order their fuel and when there is little or no market for a commodity the price declines. The place to buy feed and fuel is listed in the Buyers Guide on the classified page.

ENGLISH FLYERS ON NEW OCEAN HOP

WORLD FLYERS ON SCHEDULE

PRINCESS WILL SPAN ATLANTIC WITH 2 AIRMEN

Fokker Monoplane Used In Attempt To Reach Ottawa, Canada

AVON WILSHIRE, ENGLAND, Aug. 31.—With the Princess Lowenstein as a passenger, Captain Leslie Hamilton and Colonel F. F. Minchin, of the Royal Air Force, took off from here at 7:15 o'clock this morning in a new attempt to span the Atlantic by air.

Using a Fokker monoplane, the fliers headed for Ottawa, Canada.

Hamilton and Minchin were

dark horses in the transatlantic derby. Until last night it was known that they intended to leave this morning, and their announcement that they would brave the dangers of a trans-oceanic flight came as a complete surprise.

A family quarrel followed the visit of Mrs. Clark's mother yesterday, it is reported.

Clark reported to the El Cerrito police and Sergeant A. H. Byrd administered first aid while awaiting the arrival of the ambulance. At the Cottage hospital she received treatment from Dr. U. S. Abbott.

The letter, addressed to Mrs. Clark's mother, is as follows:

COMPLETE SURPRISE
Even to the large crowd of spectators at the field, the decision of the Princess Lowenstein to accompany the fliers on the hazardous journey was a complete surprise. The Princess who is 65 years old has long been an enthusiastic flier and on several occasions has petitioned aviators to allow her to accompany them on long and dangerous flights.

El Cerrito Man Liberated On Girl Charge

Released into the custody of his brother on the understanding that he will leave the county, Paul Smith, returned from Napa Sunday, after state hospital authorities had held he was not insane, was freed from the county jail yesterday and will not be tried on a statutory charge involving an El Cerrito girl. The offense charged to Smith, authorities have learned, was not reported for four or five months.

Smith was arrested on July 9 on complaint of Josephine Beagle of El Cerrito. His conduct at the county jail caused a sanity examination and Smith was adjudged in sane and sent to Napa. At the behest of Contra Costa officials, hospitals authorities observed Smith closely and after seven weeks decided Smith was not insane.

Elks Entertained By KGO Manager

Howard I. Milholland, manager of Radio KGO, entertained the members of the Richmond lodge of Elks last night. Milholland is regarded as one of the best monologists on the Pacific Coast and was well received. The meeting was presided over by Exalted Ruler A. B. Hinkley.

Suicide Potion Quaffed By El Cerrito Woman

Family troubles are given as the cause for the attempted suicide of Mrs. Dorothy Clark, Manilla and Norwell streets, El Cerrito, who swallowed a quantity of creosol yesterday afternoon.

She was taken to the Cottage hospital in an unconscious condition in a Wilson and Kratzer ambulance, but was removed to her home last night and her recovery held probable.

In a farewell letter addressed to her mother, Mrs. Thomas Darrowman of El Cerrito, Mrs. Clark blamed her husband, C. F. Clark. The husband blames Mrs. Clark's mother for the family troubles, it is said.

A family quarrel followed the visit of Mrs. Clark's mother yesterday, it is reported.

Clark reported to the El Cerrito police and Sergeant A. H. Byrd administered first aid while awaiting the arrival of the ambulance. At the Cottage hospital she received treatment from Dr. U. S. Abbott.

Club Women Told of Need for Knowledge Of Law Intricacies

Parker To Open Studio In New Building

John L. Parker, photographer, has purchased the building at 1920 Macdonald avenue from William Strubach, the former owner, and is making extensive improvements to adapt it to the needs of a studio. The deal was handled through Dan Noziglia, local real estate agent.

Parker claims that the new studio not only contains the latest in photographic skylights but the most modern and finest of electrical lighting machines, lenses and other apparatus to be found in the most modern studios.

He will open the new studio September 1, and says his work in the former location, 255 Twenty-second street, was merely "training" for his future business.

Case Dismissed Against Culp

Justice of the Peace John Roth dismissed the case against Roy Culp charged with threatening the life of Raymond C. Vincent, of Richmond, when the two men appeared in court yesterday morning. Lack of jurisdiction was given as the cause of dismissal.

Vincent alleged that Culp beat him and threw a monkey-wrench at him when the two men scuffled in Oakland several days ago. He also declared that Culp followed him into Contra Costa county. It was this latter phase of the case that led Assistant District Attorney James F. Hoey to attempt to prosecute the case here. Both men settled their differences before leaving the courtroom.

Espree Officials To Look Over Bridge Site

High officials of the Southern Pacific company from the executive and engineering department in Martinez, are expected soon for detailed inspection of the site of the proposed terminals for the Bulls Head-Army Point railroad bridge.

Borings and soundings for one of the foundation piers have been completed by the Duncan & Harrelson company and work is being rushed on other pier sites. Surveys have been completed on the Solano side for the approach of the bridge via an incline starting about Goodyear station, and surveys are also being made on the Martinez side of the bay.

Jack McGrath will leave Friday for the east and will visit the larger cities.

Kiwanians And Lions Paw Air As Sanguinary Battle Looms

Service Clubs Armed To Teeth; Riot Squad To Protect Onlookers

One two-three-four, and so far into the night from the camp of the irate Lions comes the determined tramp of flat feet on gymnasium floors, and the groan of strong men lifting dumbbells—all in preparation for the baseball game of the season with the Kiwanis club next Friday.

ROOT BEER FAVORITE

And from the Kiwanis camp comes portentous mutterings and dire threats of stinging that will not confine itself to horseshoe while members prime themselves with assorted soft beverages in which great faith is put for strength. Root beer is so far attained a lead in the line of liquid refreshments.

Yesterday afternoon a well-known Kiwanian came out of a soap dispenser wiping from his mustache the last vestiges of his thirteenth draught of bubbling root.

By Gad, we'll beat 'em", he was heard to mutter dully as he jumped astride the hood of a large car, mistook a fender for a belt, and drove off.

Local Exchange Club Hears Of Law Conflict

"A man could spend his whole life digesting the 60,000 laws under which he lives in the United States," said Ralph Wight of the Martinez Exchange club, who spoke on the subject "Community Service" at the meeting of the Richmond Exchange club at the Hotel Carquinez last night. Wight mentioned the prevalence of too many laws as one of the problems which the exchange clubs all over the United States are attacking.

He briefly mentioned other problems and movements which the club is backing.

Wight is first vice-president of the affiliated Exchange clubs of California. He extended the invitation of the national organization to the local club, asking for cooperation in its movement. He mentioned that the trouble lies in the passiveness of the public in the new laws, and that the lobbyists made the laws rather than the people. The Exchange club also backs the Boy Scout movement.

President Henry Solti announced the following committees:

Attendance—Lloyd Bolt, W. A. Kruger and Dr. Walter W. Hadley.

Program—C. A. Draper, Samuel Ripley and Arthur Shiple.

The club will meet regularly Thursday night every week at 6:15 o'clock and the time for adjournment was set for 7:30 o'clock, according to Dr. Walter Hadley.

There will be solos by Operator J. R. Patterson and Bill Millecovich.

No Action Taken On City Budget

The Richmond City Council at another meeting in the city hall last night, failed to come to any definite decision on the budget and tax rate for the forthcoming fiscal year. It was stated that several other meetings would be necessary before all the details involved in the decision would be satisfactorily worked out.

Jack McGrath will leave Friday for the east and will visit the larger cities.

WORLD RECORD ESTABLISHED IN FOUR DAY HOP

Birdmen Intend To Fly To Constantinople This Morning

BELGRADE, Aug. 30.—Five hundred miles were added to the record of the Pride of Detroit today when the American aviators William S. Brock and Edward F. Schlee landed at the airdrome near Belgrade at 12:03 o'clock. They went into the air at 6:25 in the morning at Munich, intending if conditions are favorable to fly to Constantinople, 1000 miles away. But they encountered rain and fog, which delayed progress and they decided to come down at Belgrade.

FOLLOWED DANUBE

A warm welcome awaited them and the aviators remarked smilingly that they did not regret the stopover, even at the expense of a little time. They navigated by earth inductor compass and also followed the Danube river when visible.

One of the needs of the airmen is good maps and these will be provided by Captain Sondermayer Jugoslav ace, who made a Belgrade-to-Bombay flight this year. He also gave the Americans valuable information concerning air currents and atmospheric conditions.

TO CONTINUE RECORD

Altogether Brock and Schlee feel that they have made good time. From America to Belgrade in four days is a world's record and they hope to continue their record-making voyage. Their speed at times today was well over 100 miles an hour, but on occasions they slowed down because of the fog to make certain of their bearings. When informed that severe thunderstorms prevailed over Bulgaria, they decided to stay for the night at Belgrade and start for Constantinople early tomorrow morning.

A motorboat conveyed the flyers from the airdrome to the city, where they paid a visit to the American legation and were entertained at dinner by the Jugoslav Aero club.

Caseys To Hold Entertainment

Berkeley council Knights of Columbus will hold an entertainment in Memorial hall on the night of September 12. Fireman Bill Willett and his dog "Midnight", will feature the program and there will be solos by Operator J. R. Patterson and Bill Millecovich.

On October 2, the Knights will hold their quarterly communion at St. Mark's church, followed by a breakfast. Members from Berkeley, Rodeo, Oakland, Pinole, San Pablo and Richmond will attend. There will be a barbecue later in the day at Caseys' ranch.

Minstrel Show To Be Given By Key

The annual minstrel show of the Key System employees will be held in the Oakland auditorium on the night of September 12. Charles Donnelly, superintendent of the Northern car barns in Richmond, will again be interlocutor and C. R. Hoyle of this city will be featured on the program.

Small Brim Is Popular Fall Hat Fashion In Velvet Mode

Small brims or small hats intrigue the fancy this fall. Not content in expressing herself in the most feminine and alluring manner of a chie trim hat Paris daringly lifts the corner of a small brim, and intriguingly uncoverts an eyebrow. For centuries and centuries hair has been women's crowning glory—so declared men! Now hats demand this place. As if they fear competition they **lift their brims** at coquettish angles, showing only stray locks of the old-time feminine glory. Even the back of the hat is so shaped as to follow the hairline, so that whether the coiffure effects a bold or well-pinned flowing locks, not a wisp or an end will peep through to ruin the trim effect achieved by the smart chapeau.

With the passing of the summer sunshades of the wide-brims, a hint of Autumn immediately reduces them, and sometimes they almost vanish altogether. For nothing is more desirable to express the winter's chic than a **tiny 2159**.

Wright refused when Patrolman

Albert Hoffman ordered him to move out of a perfect petting parking place the other night. Further it is said, he ignored the officers star and let him see a few others with a fast one to the nose. Then, deserting car and companion, he struck out across country. Officer Hoffman pursued.

After crossing three back yards

to park and two alleys Wright

having run 100 yards, stooped

dead and shouted "Touchdown!"

But Officer Hoffman tackled any way.

Wright today was arraigned before

Police Recorder Durham, who

sentenced the youth to "imprisonment" in his home after 10 p. m.

every night for six months unless

accompanied by his parents. He

also suspended the youth's driving

license for one year.

Barbara Himes was given a surprise party in honor of her birthday, Monday night by the Young People's Bible class and the Grace Lutheran choir in the social hall. A musical program was given during the evening. Archie McVicker gave piano solos, and Miss Grace Olney and Miss Madeline Whitney played violin duets accompanied by Miss Madeline Whitney at the organ.

Plans are being completed by the Austrian-American Benevolent Association for their Grand Ball to be held at Memorial hall on the night of September 24.

The event is being planned to surpass former dances of the organization. There will be three waltz prizes and refreshments will be served at the close of the affair. The committee in charge of the event is John Sindrich and M. G. Lytic. A union orchestra has been secured to furnish music for the occasion.

Mrs. Elizabeth Germeshauser, local matron, and William G. Casey, electrician of 334 Eleventh street, will be married next Saturday in Oakland. The couple will live in Mira Vista.

FALL FASHION EXHIBITION

What, No Petting! Smack! Right On The Nose

(By Universal Service)
SOMMERTIME, (N. J.), Aug. 30. Over here in Somerville boys will be boys and girls will be girls, and a kiss in a parked automobile is not always de trop, but when the kiss refuses to move on and even goes so far as to kiss a policeman's nose with a clenched fist, that is de trop.

Now that that point straightened out, it seems that Joseph (Ty) Wright, 20-year-old Somerville high school football player, is de trop.

Wright refused when Patrolman Albert Hoffman ordered him to move out of a perfect petting parking place the other night. Further it is said, he ignored the officers star and let him see a few others with a fast one to the nose. Then, deserting car and companion, he struck out across country. Officer Hoffman pursued.

After crossing three back yards to park and two alleys Wright having run 100 yards, stooped dead and shouted "Touchdown!" but Officer Hoffman tackled any way.

Wright today was arraigned before Police Recorder Durham, who sentenced the youth to "imprisonment" in his home after 10 p. m. every night for six months unless accompanied by his parents. He also suspended the youth's driving license for one year.

Barbara Himes was given a surprise party in honor of her birthday, Monday night by the Young People's Bible class and the Grace Lutheran choir in the social hall. A musical program was given during the evening.

Archie McVicker gave piano solos, and Miss Grace Olney and Miss Madeline Whitney played violin duets accompanied by Miss Madeline Whitney at the organ.

LEO TOLSTOY'S FAMOUS NOVEL AT CALIFORNIA

Who says the life of a movie star is an easy one? Seventeen separate and distinct changes of wardrobe. Probably this does not sound like a great many clothes, but as it happens to make star, and not a feminine one, it is considered quite a few. *Resurrection*, starred in the English translation of Count Leo Tolstoy's great novel, "Resurrection," which opens a two day engagement at the California theatre today, wears ten Russian uniforms, five civilian suits and two peasant costumes during the course of the picture.

The uniforms weigh from thirty-five to forty-five pounds each, one officer's coat alone tip scales at one hundred pounds. Small wonder, then, that a cart called for a tall, well built man, what with thirty-five pound suits, nine pound helmets, and tall boots. This, however, is strict accordance with the military strict accordance by Russian officers during the regime of the Czar, according to General Eschekoff, an officer of high rank in the Imperial Russian army, who supervised the military details of "Resurrection."

"Resurrection" as a novel is considered one of the classics of literature and the picture is a full and interpretation. It contains all of the power, majestic sweep and intense drama so well drawn in the book.

This United Artists offering was produced by Inspiration Pictures and Edwin Carewe with the latter personally directing.

Dolores Del Rio is the featured player and Marc MacDermott, Vera Lewis, Count Ilya Tolstoy, son of the author, Lucy Beaumont, Clarissa Selwynne and Eva Southern give excellent support to the star, Rod La Rocque.

Other features include Felix in "Loco Motive"; "International News"; and Larry Caneo at the organ.

Hotel Carquinez reports the following arrivals for yesterday: F. M. Samon, Santa Barbara; G. D. Stevenson, Santa Rosa; Kenneth Williams, San Francisco; Mrs. Bert Baxter, Moorpark; P. C. Gill and son, Pasadena; D. J. Dwyer, San Francisco; Mrs. A. J. Lindner, Pittsburgh; B. A. Stone and wife, Long Beach.

Pies, pastries and frankfurters have been banned from New York school lunches in an effort to encourage more balanced meals.

Peasant Girl

Dolores Del Rio has role of an orphaned peasant girl in Tolstoy's "RESURRECTION," which opens a two day engagement at the California Theatre today.

RICHMOND HAS LATEST ZANE GREY STORY

"Drums of the Desert" adapted from Zane Grey's "Desert Bound" will be shown at the Richmond theatre today and tomorrow. Advance reports call it bigger than any Western which has yet been made with two possible exceptions, "The Covered Wagon" and "The Vanishing American." The picture deals with those same Navajo Indians who played so large part in the Richard Dix vehicle. Only in this production however, is it the redskin who finally comes out on top.

A romantic story has been skillfully woven in to the struggle of red man and white by Director John Waters and Warner Baxter and Marietta Millner are said to make as pleasing a pair of lovers as have ever been seen.

Ford Sterling holds up the comedy end. "Drums of the Desert" incidentally, was produced by the same company responsible for the two earlier dramas, Paramount.

Other features on the same program include "The Non-Stop Bride" a comedy scream; and the latest Fox News reel.

LOUGHHEED GOES ON TRIAL SEPT. 14 IN MARTINEZ

Victor Loughheed, San Francisco engineer and the man who is credited with inventing the type of hydraulic brake which is used today on automobiles is to face a jury in Judge A. B. McKenzie's court here on September 14, charged with a criminal assault by Ethel Leighton, pretty newspaper solicitor.

The two weeks postponement was ordered in order that Loughheed might obtain depositions from friends and former associates in Chicago and from the landlady of a lodging house where the girl is reported to have lived at one time. In spite of the girl's convincing story, Loughheed denies that his actions went to the limits complained of by Miss Leighton at the time he is said to have taken her in his automobile to a lonely spot in the El Cerrito hills and, according to the girl's charge, attacked her while she fought, pleaded and finally prayed for deliverance.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the County of Contra Costa, the day and year as above written.

SILHOUETTE AND LAVISH FUR IN NEW FALL COAT

Flares and flares and still more flares are in evidence this fall! They are the feature of the new fall coats. And with the addition of the lavish fur treatments what an exquisitely feminine fashion we have!

The front flare and the flare placed at one or both sides is sponsored in restrained interpretations and achieved usually through diagonal seaming and godets and is sometimes restrained in character. A side flare is emphasized sometimes by doubling back the lap at a second thickness underneath. An unusual method of achieving this widened line is exemplified in a model with a curving inset of the fabric cut across the nap, ascending from the sides at the back of the skirt, near the hemline across the front of the coat.

Besides this flare treatment another silhouette is chosen which also differs from the straight line variety—that is the type with the snug hip-line and slight fullness above this point at the back. This is sometimes achieved by means of groups of pressed vertical tucks at both hips or seaming just at one side. Extending around to the front is a complete fabric belt, or strips buckling at the side usually producing a slight blousing, which accompanies this feature, and is evident in the sports type of coat more than in the dressy type. However, the feminine trend is so marked this fall that even in the sport variety a slight flare is noticed now and then. For instance, in a model showing extensive use of inverted pleats at the back, many of these are stitched down to a slightly below the belt line, where a slight flare is attained.

IT WON'T BE LONG NOW

Frank O. Booth, 22, of Richmond and Inn L. Stubblefield, 22, of El Cerrito, filed application in Martinez yesterday for a marriage license.

Fall Fashions Take Definite Feminine Trend For Attraction

The reaction is at hand! Anding quality, softly elusive and of the Fall mode sponsors a new the deepest lustres. The demand ultra-feminine trend. In the mazefor sheer silks is not going to be of the fashions—for it is a maze! fall away with the leaves as when almost every variety of silhouette appears on the stage of fashion—the question is—how can you detect the hallmarks of the season? Look for all that flutters, be it panels or draper, bows or jabots. Look at the snappy fittings. They may be marked by swathing girdles or belts, or again suggested rather than emphasized, and by a bow or seaming or even tucking. But always you will observe freedom in the movement of the skirts. It may be acquired through flares, through circular cuts, through plaits, but largely in plain cluster formation or one through drapes, through flounces and tiers and through scalloped and irregular hemlines, in observing this new flattery movement. You'll find it in bows and more drapes, plaits and flares and various ingenious front. Also of intense interest are the diagonal treatments and numerous manipulations of the fabric in tucks and seaming, inserts and appliques. These may be especially noted in the cases where there is a tendency to emphasize hip and waistlines. There seems to be more interest centered about the hip-line than the waist-line, chiefly because emphasizing the waist is an absolutely new ovation. Indoor waists have not even been hinted at for many years. The cut-to-form yoke and tightly wrapped girdle still accentuates the snug moulded figure.

As definite as the hip-line has become, we can still say little for the waistline. It is as feminine as the most uncertain of women. It betrays a certain nonchalant indifference as to whether it exists at all and refuses to make up its mind just where it eventually wants to be.

PROTECT FISH AT HELLGATE BY NEW LADDER

SAN FRANCISCO, Aug. 30.—Protection of the fish in the Big River, probably the only stream in California that is still extensively used for driving logs for miller purposes, has been successfully accomplished. John Spencer, head of the Bureau of Hydraulics of the Fish and Game Division of the Department of Natural Resources, reports that an inspection of the new fish ladder at the Hellgate Dam, on the South Fork of the river, operated by the Mendocino Lumber company, 5 miles from Ukiah, shows the fish way to be of substantial construction and in workable condition.

Realizing the importance of allowing steelhead and salmon to pass up this stream for spawning purposes, Manager R. D. Swales of the lumber company conferred with Spencer and after a thorough investigation, Spencer designed a ladder much different from many inasmuch as the area under the dam is utilized in its installation.

The dam is used for impounding water to drive logs to the company's mill at the mouth of the river and with the ladder completed silver salmon are expected to take full advantage of it within a short time. At any rate these will be the first fish to use the new ladder in their race up the river.

The cooperation of Mr. Swales and the whole hearted spirit in which the company entered into this conservation measure are to be highly commended. Spencer declares in his report on the ladder to B. D. Marx Greene, executive officer of the Division of Fish and Game.

Going further in the program of conserving fish life, Manager Swales has ordered work started on another fish ladder on the North Fork of the Big River at Higgins Camp. "It is this sort of cooperation that proves that conservation is rapidly becoming popular in California," Greene commented upon receipt of Spencer's report.

Former Antioch Man Dies From Burns

Fred Dahnken, theatrical capitalist and real estate broker, formerly of Antioch died yesterday in a Salt Lake City hospital as a result of burns received Sunday in his home at that city. He was injured when he went to investigate the source of smoke in the basement of his home.

Dahnken was one of the organizers of the T. and D. theatrical circuit. It was one of the finest theatrical enterprises to use vaudeville acts in connection with exhibit of moving pictures. The business was sold in 1922 to the West Coast Theatres, Inc., for a price said to have been \$3,000,000.

Following the death of his partner, Turner, five years ago, Dahnken went to Salt Lake to live. He was engaged in the real estate and theatrical business at the time of his death.

He is survived by his widow, Mrs. Margaret Dahnken; a son, Carsten; and a daughter, Margaret.

Queen Marie bought five fur coats in Chicago. It can't be her reception was that chilly.

Petal Presser Scores Four Knockdowns but Laurels Go To Dancing Master

SID TERRIS, fistian's will o' the wisp, had one close call at Ebbets Field, Brooklyn, where he was awarded the duke over Phil McGraw, Detroit florist, in spite of four knockdowns scored against him. Fans thought a draw verdict wouldn't have robbed either battler. Photo on left shows Referee Eddie Forbes waving McGraw to a neutral corner after the Detroiters dropped the Galloping Ghost for the third time in the opening stanza. On the right we see the New Yorker prone on the mat taking his first count. Sid got up at the count of nine and went down a few seconds later.

CROCKETT SWIM TEAM DEFEATS LOCAL MERMAN

Crockett paddlers defeated the Richmond mermen by the score of 52-14 1-2 at their meet in Crockett. The Richmond team was handicapped since several of their best swimmers failed to materialize.

Thomas of Crockett was high point man, scoring 16 1-2 and Bell followed with 12 1-2. Crockett goes to Richmond on September 10 for a return meet and Richmond comes to Martinez on September 12 to meet the local team. Last night's results were:

50 yards free-style—Thomas (C) won; Dryer (C) second; Stipe (R) third; time 25 3-5, a new tank record.

50 yards breast stroke—Sundman (R) won; Ball (C) second; Howard (R) third; time 38 seconds.

100 yards free-style—Thomas (C) won; Krauskopf (C) second; Schwartz (R) third; time 1:02 2.

50 yards back-stroke—Thomas (C) won; Krauskopf (C) second; Sundman (R) third; time 36 4-5.

220 yards free-style—Ball (C) won; Jensen (C) second; time 3:00 4-5.

Relay—Crockett won.

starter, and attempted to drive away by using the radiator cap as a steering wheel.

He was rescued by other Kiwanians who had not carried their root beer excess to such lengths.

ROOT ROOTS FOR ROOT

"The undue enthusiasm of one member must not be considered as exemplary of the whole club," Dr. Root, captain of the Kiwanis club declared. "We are as a whole gradually building up our strength until little doubt remains that he will be able to knock the bristling Lions club for the well-known loop." Silly he poured himself out a portion of sulphuric acid, and only smiled when he discovered the entire front of his vest had been eaten away by a few drops which inadvertently spilled upon it. "That's the Kiwanis spirit," he avowed proudly.

Bob Smith, captain of the Lions club, was found before a huge trencher of meat searched ever so slightly. As the odor of the raw meat reached his nostrils Smith was observed to lift his head and hew. "Blood, that's what we want Kiwanis blood."

Following this declaration he devoted himself to tearing huge portions of the meat apart eating with an appetite that brought

one back to the pleistocene age, off shot guns loaded with cayenne pepper. Police Chief Cox however was glad they had thick skulls.

FEARS VIOLENCE

"I am trying to hold my men back as well as I am able," Smith insisted earnestly. "But few realize the spirit that the approaching ball game has aroused. My cohorts are at fever heat—no, I've tried taking them over to the maturator, but it does no good."

It's to happen Friday at 5 p.m.

HEART TROUBLE
Marvelously Relieved

While visiting her daughter here in
Oakland, Mrs. W. H. Morton of
Stockton was in such great pain
that she was unable to leave.
Her doctor, Dr. W. H. Morton,
had to take her to the hospital.
After four weeks of the Fong Wan
Herb treatment, she was able
to return to her home in Stockton.
From that city she has sent
the following testimonial to the
Fong Wan Herb Co.

OWES HER LIFE TO FONG
WAN HERBS

Stockton, Cal., March 21, 1927.
To the Fong Wan Herb Co.:
I have been suffering with
valvular trouble of the heart for
some time. I became so ill that
my doctors, who were many, gave
me but a week or ten days to live.
I decided to try the Fong Wan
Herb Co. and the amazement
of all who attended me was
able to walk into their office
after taking the herbs one week.
I have been taken there four
weeks and I now only have
good heart, but have also been
cured of many other ailments.

Many thanks to the Fong Wan
Herb Co. for giving me my life
to Fong Wan Herb Co. for his kind-
ness.

APPEARANCE COUNTS SUITS THE WELL DRESSED MAN WILL WEAR FOR FALL

You want a suit that becomes you—one that wears well and looks well while wearing. We've just that kind in a wide variety of attractive shades and patterns.

\$35 To \$55
OUR BETTER CLOTHES ARE TAILORED
AT FASHION PARK

Stetson Hats The styles are never freakish

Stetson styles are clean-cut but not bold. You can wear them with the feeling that you are well dressed but not conspicuous.

Stetson doesn't make freak styles—the highclass Stetson clientele would not wear them. The new styles are quality all over—in the smart lines and in the appearance of the felt and trimmings.

All we ask is that you examine the Fall models—they speak for themselves.

TWEEDS FOR FALL

In men's wear Garfinkle's store at 812 Macdonald has window displays in mosaic effect. Men's clothing runs to tweeds, and twist materials, with the two button sack, single-breasted, broad shouldered, notched lapel, and narrow-trousers much in evidence. Ernest Marcos was in charge of the window display at the men's store.

SCHRADERS HAS SURPRISE

A unique surprise is promised at Schrader's Furniture store. The proprietors refuse to divulge the details of the display, but indicate that the offering will surpass their present window exhibit.

PENNY HAS FALL FEATURE

An exhibition of ladies' coats and dresses for the fall will be a feature of the windows of J. C. Penny company at the unveiling Thursday morning. Black will be the predominating color for fall wear in coats and dresses, according to M. E. Hazleton, manager of the store. Wine colored coats run a close second and the deer shade is third in popularity.

SHAWL COLLARS

Shawl collars will be used almost exclusively. Opossum, fox, wolf, and skunk fur will be the material used for the collars. Sports coats will come in tweed mixtures.

Three-fourths of the dresses in the fall will be black, with colorful trimmings. The materials used will be mainly satin, satin back crepe, and georgette.

DARKER COLORS FOR MEN

There is a trend toward darker colors in men's suits, according to Hazleton, and the store will display a new line of suits in blue serge. Both double and single-breasted models will be shown.

SMITH HAS NEW SHADES

Hart Shaffner and Marx suits are featuring tans and browns in the new fall shades with shadow with shadow stripes and stripes predominating, according to Clinton Smith, 910 Macdonald avenue. Grays will also prove popular. The suits are two and three-button models with the double-breasted stressed. Blues in light and medium shades in place of the solid dark blue are expected to become popular. Novelty twists for business as well as sports wear continue to gain in favor. "Mineral Blue", "Cobalt Tan", and "Shadowstone" are among the new shades.

NECKTIES BRIGHT

Stripes and checks with collar attached are good in shirts. Shoes are running to darker shades of tans. Neckties stress figured and striped materials in bright colorings. Tan or gray hats with snap, rolled or welded edges will adorn the masculine head.

FLARES FOR FALL

SAYS ABRAHAMS

The straight lines of former seasons are softened in the fall styles by the addition of draped effects, tiers, flares and uneven hemlines, according to Al Abrahams of The Fashion, 820 Macdonald avenue. The coats of somber shades—tans, browns and black or the brighter shades of blue like "Napoleonic Blue" one of the new fall colors, are lavishly trimmed in squirrel, beaver, fitch, wolf and fox.

GOWNS DESCRIBED

Among the evening gowns, The Fashion is showing one model of black shadow velvet cut with a draped circular skirt and ornamented with a rhinestone buckle; another of gold-embroidered taffeta with maline flounce and one of black maline trimmed in gold lace over pink satin with roses at the waist and on the hem.

HATS FIT SNUGLY

Hats are small and chic with crown tucks, pleating and drapes. Hatters' plush trimmed with lace and rhinestone ornaments or felt hats combined with velvet, duvetin ribbon, grosgrain or similar materials are milady's choice for fall.

3 BUTTON MOBEL FOR MEN SAYS MALIK

Ben Malik, 801 Macdonald avenue who features Fashion Park and Adler Collegiate clothes, declares that the styles for young men will stress wide-spaced three-buttoned suits. Fashion Park is emphasizing the high-notched coats. The colorings run mainly in browns and tans with striped effects in tweeds and twists.

Stetson hats, for which Malik's is the headquarters, are showing brown and gray models of long-brushed felts and velours with rolled and snap brims.

TOP COATS SHORTER

Top coats of foreign and domestic weaves are shorter with raglan and set-in sleeves. They are of herringbone and plaids in browns, tans and grays.

METAL CLOTH GAINS IN FAVOR; OLNEY

Felt combinations with metal cloth are incorporated in the hats for afternoon wear which will be

displayed by C. C. Olney company at the unveiling of the fall styles Thursday morning. The metal cloth is gaining in popularity and is being extensively used in turbans for evening wear. One particularly attractive model for the miss is a close fitting turban in yellow metal cloth, which may be fittingly used for dinner-dance wear.

ROSE SHADES POPULAR

Other hats for evening wear have velvet crowns with floppy, drooping brims of lacy texture. The year-around hats are featured in silk and velvet, the rose shades predominating. But there is also the bright felt combination of black and red pepper color.

Olney's are also displaying the new shades in Holeproof hosiery which are exacting in correctness.

The new shades have been approved by Paris salons.

BURDICK HAS DISPLAY

OF SPORTING GOODS

Fall Sporting goods have been laid in stock by A. C. Burdick, hardware dealer of 435 Macdonald avenue. This includes football, tennis equipment, and baseball goods for the fall games.
